

The Commission Art Process

Thank you for considering one of our artists for a commission. The minimum order for a commission is \$5,000 unless seeking a small piece, which would be considered on a case-by-case basis. We MUST know your budget upfront, so we can know what to offer you and concepts. To understand what you like, please provide the information below so that both parties are prepared for the first meeting. After the form is completed, we will schedule a call with artist. All commissions require a 50% non-refundable deposit and work will begin after understanding your vision clearly. The typical completion of the work takes 6-8 weeks but may be completed sooner or for a rush fee. The artist will update you on progress, and show how the work is coming along in the event you have suggestions for change. Changes after 2 progress meetings will be afforded, for an additional fee. Upon completion, you will be billed for the balance, and the Artist or Dealer will ship or transport your art for delivery.

Please fill out this form and email it to bb@berylbashamfineart.com or click submit if form is populated from the website.
